Through

**COACHING**

## Together, We Can Do It

Do you know someone who needs a boost to get into a job or back into school?

Studies have shown that coaching can make a huge difference in a young person's life. A **one-on-one coaching program** provides motivation, self-confidence, and personalized guidance and support.

Junior Achievement USA has developed just such a coaching program. Who is JA? Based on more than 100 years of experience helping prepare young people for success, JA was awarded a grant from the Department of Labor to help young adults like yours, through **JA Workforce Coaching**.

**JA Workforce Coaching** is a 12-week program designed to lead directly into a job or a career-focused educational or training program. Participants ages [16-21] create a personalized action plan that provides:

- Learn more about participating as an **Employee**.
- Sign up to become a **Participant**.
- Learn more about becoming a **Coach**.
